

Dear Business Owner,

We are excited to learn that you are interested in becoming a member of our Chamber of Commerce. Joining the Chamber gives you a great opportunity to get acquainted in our business Community. I am enclosing a packet of information that contains a membership application, investment structure, a current events calendar, etc. We offer many business opportunities that will help promote your business.

We “officially” welcome our new members in our weekly newsletter. We encourage new members to schedule a ribbon cutting ceremony attended by our Ambassadors, Board of Directors, Staff and Membership. Ribbon Cutting photos are then published in the Chamber E-Link. We also hold monthly Chamber Networking Luncheons and Business After Hours for networking opportunities. An added benefit has been the implementation of three Leads Groups which meet on a weekly basis. We display member’s business cards, flyers & brochures at the Chamber office. Another member benefit is an Electric Coalition. New members are invited to an orientation breakfast which is held every other month to present the overall benefits of being a Chamber member. Our Chamber members are also given exclusive referral benefits. These are just a few of the many benefits we offer our members.

Please call or come by you have any questions or if we can provide additional information. I hope that you will seriously consider becoming a part of our active and growing Chamber of Commerce. I look forward to meeting and working with you.

Cordially,
Mansfield Area Chamber of Commerce
