About the Mansfield Chamber

The Mansfield Area Chamber of Commerce is committed to helping its members grow their businesses. In 2009 Chamber networking groups shared over \$3.5 MILLION worth of business leads!

The Chamber not only provides its members with opportunities for networking, but also provides opportunities for education, advertising and business growth.

Monies raised from this tournament are used to fund the growth and development of the Chamber, and all things that benefits its members.

What to Expect at Our Tournament

Driving into Walnut Creek Country Club, you drop your bags and your car is valet parked. Upon entering the country club, you are greeted and directed to registration, where you get information based on which course you are on.

One of the most “talked-about” highlights of this event is the simultaneous two-course format: one “fun” course and one “competitive” course. The “fun” course features your typical tournament games, mulligans, and fun trophies. The “competitive” course features shamble-style play, no mulligans, no games and a cash prize.

No matter which course you choose, we will have opportunities to have fun and win great prizes!

Sponsorship Opportunities Over \$1,000
